

## The Nomads Song

If you feel that there's nothing to live for  
And you're weighed down with worry and care,  
Just remember there's a silver lining  
The Nomads are always there.

When the whole of the village is happy  
And there's laughter and singing all day,  
You can bet that just around the corner  
The Nomads won't be far away.

It's a funny thing, when you start to sing,  
The world seems a better place.  
So come on and sing and you will bring  
A smile to every face.

So, whenever you feel a bit lonely,  
And life seems so empty and drear,  
Don't forget the Nomads are the people  
To Brighten up the atmosphere.
